**SECTION 1: Identification of the substance/preparation and of the Company/undertaking**

**Product Identifier**

**Product Name** ThinPrep® PreservCyt Solution  
**Safety data sheet number** 85093-001

**Recommended use of the chemical and restrictions on use**

**Specific use(s)** A methanol based, buffered preservative solution used to support cells during transport and slide preparation  
**Recommended Use** In vitro diagnostic

**Details of the supplier of the safety data sheet**

**Manufacturer** Hologic Inc.  
250 Campus Drive  
Marlborough, MA 01752  
United States  
1-508-263-2900

**24 Hour Emergency Phone Number** Chemtrec, U.S. and Canada 1-800-424-9300; Chemtrec International + 1-703-741-5970

**For further information, please contact:** sds@hologic.com

**SECTION 2: Hazards identification**

**Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

<table>
<thead>
<tr>
<th>Physical hazards</th>
<th>Flammable liquids Category 3</th>
</tr>
</thead>
</table>

**Emergency Overview**

**Label Elements**

**Signal word**  
Danger
**Hazard Statements**
H301 - Toxic if swallowed
H311 - Toxic in contact with skin
H331 - Toxic if inhaled
H370 - Causes damage to organs
H226 - Flammable liquid and vapor

**Precautionary Statements - Prevention**
P210 - Keep away from heat/sparks/open flames/hot surfaces. — No smoking
P280 - Wear protective gloves/protective clothing/eye protection/face protection
P260 - Do not breathe dust/fume/gas/mist/vapors/spray
P270 - Do not eat, drink or smoke when using this product
P264 - Wash face, hands and any exposed skin thoroughly after handling
P233 - Keep container tightly closed

**Precautionary Statements - Response**
P307 + P311 - IF exposed: Call a POISON CENTER or doctor/physician
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
P303 + P361 + P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
P363 - Wash contaminated clothing before reuse
P304 + P340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
P311 - Call a POISON CENTER or doctor/physician
P301 + P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician
P330 - Rinse mouth

**Fire**
In case of fire: Use CO2, dry chemical, or foam for extinction.

**Precautionary Statements - Storage**
P405 - Store locked up
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed

**Precautionary Statements - Disposal**
P501 - Dispose of contents/container in accordance with local/regional/national/international regulation.

**Hazards not otherwise classified (HNOC)**

**Other Information**
50.133% of the mixture consists of ingredient(s) of unknown toxicity

---

**SECTION 4: First aid measures**

**First aid measures**

**General advice**
Immediate medical attention is required. In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible).
**Eye contact**
Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. Call a physician immediately.

**Skin Contact**
Wash off immediately with plenty of water.

**Inhalation**
Immediate medical attention is required. Remove to fresh air. If not breathing, give artificial respiration. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.

**Ingestion**
Do NOT induce vomiting. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Drink plenty of water.

**Self-protection of the first aider**
Remove all sources of ignition.

**Symptoms**
Treat symptomatically.

**Indication of any immediate medical attention and special treatment needed**
Treat symptomatically.

**Note to physicians**
Treat symptomatically.

---

**SECTION 5: Firefighting measures**

**Flammability**
Flammable liquid and vapor.

**Suitable Extinguishing Media**
Dry chemical, Foam, Carbon dioxide (CO2).

**Unsuitable Extinguishing Media**
Do not use a solid water stream as it may scatter and spread fire.

**Specific hazards arising from the chemical**
Most vapors are heavier than air. They will spread along ground and collect in low or confined areas (sewers, basements, tanks). Vapors may form explosive mixtures with air. Flammable.

**Protective equipment and precautions for firefighters**
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

---

**SECTION 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions**
Remove all sources of ignition. Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Use personal protective equipment as required.

**Environmental precautions**
Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system.

**Methods and material for containment and cleaning up**

**Methods for containment**
Prevent further leakage or spillage if safe to do so. Cover powder spill with plastic sheet or tarp to minimize spreading. Dike far ahead of liquid spill for later disposal.

**Methods for cleaning up**
Dam up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Pick up and transfer to properly labeled containers. Soak up with inert absorbent material.

---

**SECTION 7: Handling and storage**

**Precautions for safe handling**
Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep container tightly closed. Ensure adequate ventilation, especially in confined areas.
**ThinPrep® PreservCyt Solution**

**Advice on safe handling**
Ensure adequate ventilation, especially in confined areas. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Take precautionary measures against static discharges. Use spark-proof tools and explosion-proof equipment. All equipment used when handling the product must be grounded.

**Conditions for safe storage, including any incompatibilities**

**Storage**
Store in accordance with local regulations. Use appropriate containment to avoid environmental contamination.

**Storage Conditions**
Keep tightly closed in a dry and cool place. Keep in properly labeled containers. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).

**Incompatible materials.**

**SECTION 8: Exposure Controls/Personal Protection.**

**Exposure Guidelines**

**United States of America**

### SECTION 10: Stability and reactivity

**Reactivity**  None under normal use conditions.

**Stability**  Stable under normal conditions.

**Possibility of Hazardous Reactions**  None under normal use conditions.

**Hazardous polymerization**  None under normal use conditions.

**Conditions to avoid**  Heat, flames and sparks.

**Hazardous Decomposition Products**  None under normal use conditions.

**Materials to avoid**  Strong oxidizing agents. Acids. Metals.

---

### SECTION 11: Toxicological information

**Information on likely routes of exposure**

**Product Information**  Repeated or prolonged exposure may cause central nervous system damage. May be harmful by inhalation, ingestion, or skin absorption.

**Inhalation**  Harmful by inhalation.

**Eye contact**  May cause irritation.
Skin Contact: Harmful in contact with skin.
Ingestion: Harmful if swallowed.

Information on toxicological effects

Delayed and immediate effects as well as chronic effects from short and long-term exposure

- Skin corrosion/irritation: No information available.
- Serious eye damage/eye irritation: No information available.
- Sensitization: No information available.
- Germ cell mutagenicity: No information available.
- Carcinogenicity: No information available.
- Reproductive toxicity: No information available.
- STOT - single exposure: No information available.
- STOT - repeated exposure: No information available.
- Target Organ Effects: Central nervous system, Eyes, Gastrointestinal tract (GI), Respiratory system, Skin.
- Aspiration hazard: No information available.

Numerical measures of toxicity - Product Information

Unknown Acute Toxicity: 50.133% of the mixture consists of ingredient(s) of unknown toxicity.

The following values are calculated based on chapter 3.1 of the GHS document.

SECTION 12: Ecological information

Ecotoxicity: 20 - 50% of the mixture consists of components(s) of unknown hazards to the aquatic environment.

- Persistence and degradability: No information available.
- Bioaccumulation: No information available.
- Mobility: No information available.

Other adverse effects: No information available.

SECTION 13: Disposal Considerations.

Waste treatment methods

- Disposal of wastes: Disposal should be in accordance with applicable regional, national and local laws and regulations.
- Waste from Residues / Unused Products: Disposal should be in accordance with applicable regional, national and local laws and regulations.
- Contaminated packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations.
