Lennon, Chandra and Olds to Present at Cancer Genomics Consortium 2017 Summer Meeting

Brentwood, TN – (Monday, August 7, 2017) – PathGroup is pleased to announce that Alan Lennon, Ph.D., FACMG, is serving as the current President-Elect for the Cancer Genomics Consortium. He is also serving as the 2017 Scientific Committee Chair for the 2017 Summer Meeting held August 7- 9, 2017 in Denver, Colorado. Dr. Lennon currently serves as the Senior Scientific Director, Clinical Cytogenetics, FISH and Microarray Services for PathGroup.

Pranil K. Chandra, DO, FCAP, FASCP, Vice President and Chief Medical Officer of Genomic and Clinical Pathology, will be presenting within a session entitled *"Showcase of Genomic Profiling"* Monday, August 7, 2017 from 8:45 a.m. – 9:00 a.m. on the topic of the addition of chromosomal microarray and next generation sequencing to FISH and classical cytogenetics for the purpose of enhancing genomic profiling of myeloid malignancies.

PathGroup Cytogenetics Technologist, Katie Olds, will also be presenting within a session entitled *"Interpretive Considerations: Clinical Experience and Accessing and Curating Information Session"* held Tuesday, August 8, 2017 from 5:00 p.m. – 5:15 p.m. Her presentation will cover a proactively developed and curated copy number/copy neutral-loss of heterozygosity interpretation database/system across multiple neoplasms for highly informative and timely reporting in a high volume laboratory.
