

**Pranil K. Chandra, DO to Serve on Association for Molecular Pathology (AMP)  
Solid Tumors Practice Committee**

**Brentwood, TN** – (Thursday, August 3, 2017) - PathGroup, one of the largest private providers of pathology and laboratory services in the United States, is pleased to announce that Dr. Pranil K. Chandra has been selected to serve a two-year term on the Solid Tumors Clinical Practice Committee for the Association for Molecular Pathology (AMP).

Dr. Chandra joined PathGroup in 2011 as Associate Medical Director of Molecular Pathology and became the Director in March of 2013. He currently serves as Vice President and Chief Medical Officer, Genomic and Clinical Pathology Services. Dr. Chandra holds board certifications in anatomic and clinical pathology, hematopathology and molecular genetic pathology. He completed his anatomic and clinical pathology training and fellowships in hematopathology, oncologic pathology and molecular pathology at NYU Langone Medical Center and the University of Texas-MD Anderson Cancer Center. Dr. Chandra is also a medical consultant in molecular pathology and personalized medicine.

Per the AMP website, the Solid Tumors Subdivision is comprised of AMP members who indicate that they have a professional interest in solid tumors. The Solid Tumors Subdivision Leadership has membership on the Program, Nominating, and Training & Education Committees to ensure the continuing education and professional development of those who use molecular diagnostics in the diagnosis and management of solid tumors.

Join us in congratulating Dr. Chandra on this nomination.

**About AMP**

The Association for Molecular Pathology (AMP) was founded in 1995 to provide structure and leadership to the emerging field of molecular diagnostics. AMP's 2,300+ members practice in the various disciplines of molecular diagnostics, including bioinformatics, infectious diseases, inherited conditions and oncology. They include individuals from academic and community medical centers, government, and industry; including pathologist and doctoral scientist laboratory directors; basic and translational scientists; technologists; and trainees. AMP is the primary resource for expertise, education, and collaboration in one of the fastest growing fields in healthcare. For more information, visit [www.amp.org](http://www.amp.org).

**About PathGroup**

Founded in 1965, PathGroup has evolved into a premier provider of anatomic, clinical and molecular pathology services. Privately held and physician centric, PathGroup works seamlessly with customers to provide superior diagnostic services - a vital link in the cycle of patient relationships. PathGroup uses the latest in proprietary and industry standard technology to deliver fast, accurate results. The company provides clients with the highest quality of services available, consistently exceeding the expectations of physicians, employees, payers and most importantly, patients. One Lab; Total Service. For more information, visit [www.pathgroup.com](http://www.pathgroup.com)
