## **Sandeep Mukherjee, Ph.D., to Present at Infectious Diseases Society for Obstetrics and Gynecology (IDSOG) Annual Meeting**

**Brentwood, TN** – (Thursday, August 10, 2017) - PathGroup, one of the largest private providers of pathology and laboratory services in the United States, is pleased to announce that Dr. Sandeep Mukherjee will present a poster abstract entitled “Prevalence of *Mycoplasma genitalium* in a Screening Population” at the Infectious Diseases Society of Obstetrics and Gynecology (IDSOG) Annual Meeting held August 10-12, 2017 in Park City, Utah. Dr. Mukherjee currently serves as Scientific Director of Women’s Health and Infectious Diseases for PathGroup.

The poster will address *Mycoplasma genitalium* (MG) as an emerging sexually transmitted pathogen associated with urethritis in men and vaginitis, cervicitis, pelvic inflammatory disease, and infertility in women. Other co-authors include Ricardo Andal, Caroline Hentzen, Melody Hejnal, Scott Wheeler, PhD, Vickie Clinard, James Prescott, PhD, Chris Coldren, Ph.D., Hao Ho, MD, Ph.D., Kathy Knight, MD, Patrick Lennon, PhD, Matthew Andreatta, PhD, Malini Sathanoori, PhD, and Pranil Chandra, DO.

The IDSOG Annual Meeting is a scientific and educational gathering for interested clinicians and investigators who care for and study the epidemiology, pathophysiology, prevention, management, and impact of infectious diseases in women. This three-day course offers participants a collegial environment to interact and discuss current issues regarding infectious diseases in women.

### **About PathGroup**

Headquartered in Nashville, TN, PathGroup is one of the largest private provider of pathology and clinical laboratory services in the United States. Founded in 1965 by physicians, PathGroup works seamlessly with customers to provide superior diagnostic services – a vital link in the cycle of patient relationships. PathGroup uses the latest in proprietary and industry standard technology to deliver fast, accurate results. The company provides clients with the highest quality of services available, consistently exceeding the expectations of physicians, employees, payers and most importantly, patients.
