## **Pranil K. Chandra, DO to Present at 9<sup>th</sup> Annual Personalized & Precision Medicine Conference**

**Brentwood, TN** – (Thursday, October 12, 2017) - PathGroup, one of the largest private providers of pathology and laboratory services in the United States, is pleased to announce that Dr. Pranil K. Chandra will present at the 9<sup>th</sup> Annual Personalized and Precision Medicine Conference held October 16 – 17, 2017 in Orlando, Florida. Dr. Chandra currently serves as Vice President and Chief Medical Officer of Genomic and Clinical Pathology.

Dr. Chandra will be speaking on the topic of “*Cost-Effective Genomic Profiling for Cancer Patients: Focusing on Clinical Utility.*” This presentation will focus on the clinical impact of genomic profiling through disease specific testing that utilizes multiple methodologies based on the patient’s clinical state. Case studies will be presented spanning both focused and broad-based genomic profiling balancing both high quality genomic profiling and cost-effective patient care. For more information regarding the Personalized and Precision Medicine Conference, visit <http://www.precision-medicine-conference.com/>.

### **About PathGroup**

Founded in 1965, PathGroup has evolved into a premier provider of anatomic, clinical and molecular pathology laboratory services. Privately held and physician centric, PathGroup works seamlessly with customers to provide superior diagnostic services - a vital link in the cycle of patient relationships. PathGroup uses the latest in proprietary and industry standard technology to deliver fast, accurate results. The company provides clients with the highest quality of services available, consistently exceeding the expectations of physicians, employees, payers and most importantly, patients. One Lab; Total Service. For more information, visit [www.pathgroup.com](http://www.pathgroup.com)
