
Specimen Transport Alert- Hurricane Dorian Impact

September 3, 2019

Due to the threat of Hurricane Dorian, PathGroup specimen transportation services for the coastal regions of GA, SC and NC will be impacted. In consideration of the safety of our team members, PathGroup will suspend transportation service in any area declared a mandatory evacuation area. Transportation services will resume when evacuation orders are lifted and travel is deemed safe.

PathGroup Logistics team members will make outbound calls to any PathGroup clients who will be affected as soon as that information is known.
