## Test Update: Specimen Requirement Changes

November 12, 2019

---

Effective November 24, 2019, PathGroup will require a new saliva collection device for Cortisol, Saliva (Test Code: CORSAL).

PLEASE NOTE: After Monday, November 25, please discontinue the use of the any previous specimen collection devices used for this testing as they will no longer be valid.

Clients who frequently order Cortisol, Saliva will be sent new specimen collection devices by Wednesday, November 13. All those who do not receive this shipment will need to contact PathGroup Supplies order the specimen collection devices.

For additional information on cortisol testing, please refer to the PathGroup Directory of Services at <http://www.pathgroup.com/clinical/testing-menu/>.

PathGroup remains committed to providing the highest quality service to our clients and care to our patients. We thank you for the opportunity to serve you and your patients.

**For further questions, please contact Client Services at  
615-562-9300 or 1-888-474-5227.**
