## Test Update: Transition of RT3R to T3 Uptake

**Adam Meyer, MD**, Associate Medical Director, Clinical Pathology Services

**April 1, 2019**

---

Effective March 20, PathGroup has discontinued the Resin T3 Uptake Ratio test (Test Code: RT3R) and has replaced it with the T3 Uptake test (Test Code: T3U). The T3 Uptake test provides comparable information to the previous test so there should be no clinical impact of this test change.

DISCONTINUED		NEW	
TEST CODE	TEST NAME	TEST CODE	TEST NAME
RT3R	Resin T3 Uptake Ratio	T3U	T3 Uptake
